

STATE PARKS GENERAL PLAN UPDATE: EL CAPITAN, REFUGIO, AND GAVIOTA

DRAFT REFUGIO STATE BEACH VISION STATEMENT

Refugio State Beach is a cherished park where visitors can easily access and engage with marine ecosystems. The park supports a range of sustainable experiences that are highly valued by visitors, including active ocean-based recreation, ecological resilience, and education, balancing conservation and restoration efforts with a range of activities like camping, surfing, kayaking, diving, and more. Interpretation at the park highlights the area’s human and natural history and emphasizes its role in regional preservation. In the context of the broader Gaviota Coast, the park advances climate resilience goals for park amenities and infrastructure, supports terrestrial and marine ecological resilience, and provides inclusive coastal access for all Californians.
